THE NICARAGUA CANAL.

ENGLISH CAPITALISTS WILL ASSIST IN ITS COMPLETION.

The Resolution as Adopted at a Meeting of the Leading Ship Owners and Merchants of England at Liverpool—Sufficient Funds Already Provided.

NEW YORK, June 29.—The World's London special says: English aid is forming to the assistance of the Nicaragua canal. For some time past, agents of rival schemes have been over here urging the co-operation of British ship owners, who have given careful consideration to all that has been urged by the various canal agents, and, as a result of these deliberations which have extended over a year, upwards of sixty of the leading ship owners and merchants of the United Kingdom held a meeting at Liverpool, Tuesday and pronounced their decision.

R. R. Lockett, of W. & J. Lockett, of Liverpool, was chairman and those present were unanimous in passing the following resolution, which was moved and seconded by Chilian Consul Thomas Bain, and Henry Shield, the head of the Liverpool iron works.

"This meeting of merchants and ship-owners of the port of Liverpool having heard with satisfaction the explanation given by A. L. Blackman, president of the American Atlantic and Pacific Ship Canal company relating to the plans of the company for the construction of the Nicaragua ship canal, and having regard for the opinions expressed by James Abernathy, C. E., and Sir George Bruce, C. E., of London, past and present presidents of the Institution of Civil Engineers, to the effect that after careful examination and comparison of various plans for the construction of an inter-oceanic ship canal across the territory of Nicaragua they were satisfied that the plans submitted by Blackman are preferable to any others, both as regards the working and maintenance of the canal, its cost of construction and time required for its completion, and that, owing to the great width of waterway and capacity of the locks proposed, the canal will afford ample facilities for all traffic, however great, that may pass through it, as it will possess the great advantage that vessels can navigate at or near full speed and pass each other without danger or delay, which is not practicable in the usual type of canal of restricted width.

"RESOLVED, That the ship canal across the territory of Nicaragua, constructed according to the plans which have been submitted to the meeting by Mr. Blackman, would be an undertaking of the first importance to commerce and especially to commerce of the United Kingdom of Great Britain and Ireland and to that of the United States of America."

The meeting regrets to learn that, owing mainly to existing disputes between the government of Nicaragua and the American company concerning a concession granted by the government to the company, the carrying out of the project has hitherto been delayed, and trusts that the government and the company may speedily settle their differences, and that the undertaking may be placed on such a basis that ample security will be afforded for capital seeking to be invested in connection with it. All money necessary to build the canal in connection with previously secured American capital, has now been provided, and England will prove a good second to the United States in completing the work.

RIOT IN A CHURCH.

Latter Day Saints Have a Scrap at Glen Easton, West Virginia.

WHEELING, W. Va., June 29.—For some time there has been trouble brewing in the congregation of Latter Day Saints, near Glen Easton, twenty-five miles east of here. Wednesday evening while the congregation was holding a meeting at the house of Aaron Harris, an aged member of the flock, the trouble culminated in a riot, in which two men were probably fatally wounded and six or eight others stabbed or otherwise badly hurt. Tom and Leroy Wait are in danger of death from their wounds, the first being stabbed in the left side, and the flesh on the latter's arms, hands and head literally slashed into strips, and the throat cut from one ear to his chin. Jasper Wait was stabbed in the stomach. Harvey Courtwright had his head cracked and the bone laid bare from the top of the head to his eyes. Tom Chambers was badly beaten with a club. Some of the Wait boys are looking for the Courtwrights with rifles.

Rather Expensive Cigars.

QUEENSTOWN, June 29.—Among the sa-joon passengers who landed from the Inman line steamer City of Berlin from New York, Monday morning, was a tall, gentlemanly looking man named Michael P. Breslin, who stated that he was a New York merchant. After his luggage was searched by customs officers, he was arrested on the charge of smuggling seven pounds of choice cigars, and having been brought before a magistrate later in the day, was fined \$50, it being a single duty, and the cigars were ordered to be forfeited.

Requested to Resign.

CARLISLE, Pa., June 29.—At a secret meeting of the board of trustees of Dickinson college yesterday, Dr. John A. McCann, president of the college, resigned after the board had requested him to do so. The meeting was a very strong one. Gen. Horatio C. King, of Brooklyn, is spoken of as Dr. McCann's successor.

General Sheridan's Trip Postponed.
WASHINGTON, June 29.—Gen. Sheridan did not leave the city this afternoon as expected. It was considered inadvisable to make the start in the chilly rainy atmosphere that prevailed. The three children, attended by their nurses and in charge of Col. Kellogg, left on the 3 o'clock train for Nonquitt.

An Absconder's Offer.

MONTREAL, June 29.—Pitcher, the Providence absconder, it now transpires, purchased a draft on a Paris bank for 100,000 francs at Hechelaga bank here, and another for £1,000 from Boston, on an English bank. He offered, it is understood, for \$50,000 to give up \$400,000 of securities.

SEVERE FLOODS.

Get in Their Work in Illinois, Missouri and Nebraska.

TUSCOLO, Ill., June 29.—Central Illinois was visited by a flood Tuesday night and Wednesday which has not been equalled since 1875, and it is estimated that 10,000 acres of growing corn are under water in this county. The southern part of this city is submerged, and fifteen families have already been compelled to move to higher ground with their household goods.

At Bloomington, Ill., the streams are all out of their banks.

At Hillsboro, Ill., great damage was done to property.

Reports from Irving, Witman and Nokomis, east of here, state that these towns were partially submerged, causing a great loss of property.

At Tolono, Ill., great damage was caused by Wednesday's storm.

At Urbana over five inches of water fell. The oat crop is badly damaged. The streams were flooded.

At Monticello, rain fell for twenty-four hours. Corn and oats are badly injured. The Sangamon river and all small streams are overflowed.

Too Much of a Good Thing.

CHICAGO, June 29.—Dispatches from central and eastern Illinois report a very heavy rainfall Wednesday. Country roads are in bad condition, railroads somewhat troubled and crops in many places very badly damaged. In some places whole fields of oats and corn were beaten down. From 10,000 to 15,000 acres of growing corn are under water in this county alone.

In Missouri.

HANNIBAL, Mo., June 29.—The severest rain storm which has visited this section for years prevailed here Tuesday night and Wednesday, doing great damage to growing crops, washing out bridges and culverts and flooding fields which were never known to be submerged before.

In Nebraska.

CUKBERTSON, Neb., June 29.—Tuesday night a terrific lightning and thunder storm visited this section. Robert Foster and a Mr. Swartzman were on their way home from this city. When one mile from town lightning killed them both.

GROVER AND THE GRADUATES.

He Takes Part in the Commencement Exercises of the University of Virginia.

CHARLOTTESVILLE, Va., June 29.—Wednesday was the final day of the commencement exercises of the University of Virginia. Diplomas were delivered, degrees conferred and the usual exercises of closing day gone through with. At 11:20 a special train arrived with President Cleveland, Secretaries Bayard and Vilas, Senator-elect Barbour and Congressman O'Ferrall.

The were escorted to the public hall through the crowds that lined the streets. President Cleveland conferred the degrees of master of arts and doctor of philosophy and science upon the graduates. At the conclusion of the ceremonies, he held an informal reception and shook hand with two or three thousand people.

Later in the day the president and party were the guests of the alumni at a luncheon held in the library, and at which 300 hundred people sat down.

The president responded to the toast: "The President of the United States." Secretary Bayard responded to the toast, "The Jurisdiction of the United States." Secretary Vilas to "The Cabinet," Governor Lee to "The Governor of Virginia" and Senator Voorhees to "The Congress of the United States."

After luncheon the presidential party visited Monticello and the grave of Jefferson, and at 8 o'clock left on a special train for Washington.

ANOTHER YACHTING DISASTER.

A Yacht Run Down By a Steamer and Two Ladies Lost.

NEWBURGH, N. Y., June 29.—At 9:30 o'clock last night, the small steam pleasure yacht Enid was struck by the steamer James W. Baldwin, a mile north of here. There were eight persons in the small boat, and two of them, Miss Annie Miller and the wife of Benjamin B. Odell, Jr., were drowned. The rest were rescued by the steamer and brought here.

Three of them are delirious, but will recover. Miss Miller was the daughter of David Miller, of New York, and Mrs. Odell wife of the Republican state committeeman in the Fifteenth congressional district. The occurrence has caused a profound sensation in this city, all the parties being prominent in society circles.

A Drunken Mate on a Tear.

KNOXVILLE, Tenn., June 29.—A drunken mate named Gleason took charge of a south-bound passenger train at Newport, Wednesday night, and refused to pay his fare. The train force went to put the fellow off, when he pulled a razor from his pocket and put the train men all to flight. With a drawn revolver, Gleason took charge of the express car and made a number of efforts to kill Messenger Eugene Housely. The mate was arrested at Morristown, after a desperate struggle.

Inexperience Costs Two Lives.

LITTLE ROCK, Ark., June 29.—A gentleman from Newton county brings news of the destruction of a sawmill near Jasper, Ark., Thursday last. The mill was owned by Burton & Wilson, who recently employed an experienced engineer. The boiler exploded, instantly killing Huston James and fatally wounding Horace Ratcliff, who died two hours afterward.

The Dark Secret Sighted.

BOSTON, June 29.—The steamer Kansas, which arrived at the port Wednesday night, reports seeing the little boat, Dark Secret on Wednesday morning about seventy miles east of Highland light. Her sail was down and looked as though Capt. Andrews was repairing his boom. As Capt. Andrews showed no signal of distress, the steamer did not alter her course to speak to him.

Iron Works Damaged.

WILMINGTON, Del., June 29.—The Tasker Iron works at Newcastle, Del., was damaged by fire yesterday afternoon to the amount of \$15,000. The bending mill was burned and \$10,000 worth of patterns destroyed. Fire companies from this city succeeded in staying the flames finally.

THE POLICY OF AUSTRIA.

WILLIAM II. WILL STICK TO THAT OF HIS GRANDFATHER.

The Division in the House of Commons on Mr. Morley's Resolution Opposed By Parnell—The Great French Bubble—The Emperor to Visit the Czar—Foreign.

PESTH, June 29.—The delegation has adopted an army credit of 47,000,000 florins. In the course of the debate, Count Apponyi observed that in view of the state of uncertainty in Europe, the alliance with Germany afforded a strong safeguard, especially after Emperor William's speech in the reichstag, which met with the keenest and most sympathetic reception in Austria.

This, he said, did not release the country from the duty of developing its own strength. If Austria desired an energetic policy she must, in spite of the condition of her finances, grant to the war department the necessary resources. Resoluteness meant peace, while a weak and yielding course rendered war certain.

Herr Von Tisza, the Hungarian premier, said he fully concurred in the opinion that the pacific tone of Emperor William's speech did not release them from the duty of developing their own strength. The declarations of Emperor William since his accession had strengthened their attachment and their confidence in the alliance, as well as their veneration for the leading statesman of Germany.

The "energetic policy" to which Count Apponyi refers is that which Austria-Hungary is pursuing in regard to the Balkan states. She is vigorously pushing her influence there as against Russia, of whom at the present time she has the advantage. The likes and dislikes of the people are less considered than the government's. It is necessary to show King Milan, of Serbia; Charles, of Roumania, and Prince Ferdinand, of Bulgaria, that she is sufficiently strong to protect their autonomy as against Russia.

She finds it also necessary to intimidate the prince of Montenegro and keep a firm hold on her latest dependencies, Bosnia and Herzegovina. Her "energetic policy" must certainly lead to war, if, as there is no doubt, Russia persists in pushing her policy in the same states.

Was Opposed by Parnell.

LONDON, June 29.—The division that was taken in the house of commons on Mr. Morley's resolution censuring the government for their administration in the crimes act in Ireland, was taken against the advice of the Irish leader, Mr. Parnell. The latter thought the time too early for such a motion, as nothing but defeat for the opposition could be expected at present. His moderate and wise counsels have always looked to the future benefit of Ireland rather than to any temporary and immediate advantages that might be gained by hasty action.

Mr. Gladstone, on the contrary, considered that a blow struck now, while Mr. Dillon's unjust imprisonment was fresh in the minds of the people, would score a victory outside parliament for Ireland even if the vote went adversely in the house. There is no rupture whatever between the two leaders who have the same ultimate object in view, but the difference of opinion between them on the methods to be pursued in fighting for the freedom of Ireland is often apparent.

Mr. Gladstone's present idea is that the Tories and Unionists are now on record as approving the government's conduct in Ireland, thus practically forcing the Unionists to violate their election pledges and proclaim their absorption by the Tories. With these facts, the Liberal leader hopes to destroy the future chances of every Unionist who stands for election.

Mr. Parnell, who likes to proceed slowly until he detects a sure opportunity for a telling blow, was of the opinion that a parliamentary defeat would do more harm than good just at present, as he had cause to believe that every vote the government could muster would be brought out on this resolution. He desired to wait until the Tories made some egregious blunder, and then when the country was disposed to condemn Tory tactics in general, spring something of the nature of Mr. Morley's resolution upon the government.

This, Mr. Parnell thought, would be more effective and lead to better results than Mr. Gladstone's plan. The Irish leader is nearly always right in his advice, and consequently his followers who disregarded it are looking, with some anxiety, to the carrying out of Mr. Gladstone's designs.

There'll be Trouble if it Fails.

PARIS, June 29.—The Journal des Debats says the exact result of the subscriptions to the Panama lottery loan is not yet known, but it is believed that the amount of applications will equal only about one-half the sum asked for, and the syndicate which engaged to take one-fourth of the loan if the other three-fourths should be taken has been released. The fact about the matter is, that the measure of confidence in the Panama scheme which the French capitalists have been created by De Lesseps on the strength of the Suez canal success. Hence, the report of his death a few days ago, knocked down the Panama stock instantly.

There is the conviction also that the government having authorized the loan is bound to see the project a success, so that the French public does not entertain more than the picture of the great work completed, and the supposed advantage to French commerce of a great ocean transit short cut through which France can lay profitable duty upon the tonnage of all nations. The engineering difficulties are not much considered, nor the fact that rival water cuts across the isthmus are possible. Panama is gauged by cost. It is a great thing; no matter about the cost. The government has rendered itself responsible and there is nothing to fear. When the bubble bursts there will be trouble in France. It has acquired great National importance.

A Portentous Visit.

VIENNA, June 29.—The Fremdenblatt confirms the statement that Emperor William will visit the czar at St. Petersburg in the first fortnight in July, and that he will afterward visit Emperor Francis Joseph.

Of course William goes at the suggestion of Bismarck, and for some momentous purpose. It will be assumed to be made in the interests of peace, and it is not improbable

that he may have some sort of a compromise to offer to the czar and Emperor Joseph concerning the reorganization of Bulgaria under Russian influence, and a return of that state to the statu quo succeeding the last Russo-Russian war.

As is well known now Bismarck's concessions to Russia have not gone far enough to please her while they have gone too far to please Austria or England. William's contemplated visit would seem to indicate that the czar is shortly expected to make some demand in regard to Bulgaria.

Foreign Notes.

It is expected that Prince Bismarck will go to Friedrichsruhe on Sunday to remain for several weeks.

The pope's "Encyclical of Liberty," condemns false liberalism or naturalism which declares there is no supreme law, and that every one must form his own faith and religion. Such doctrine tends to destroy the consciousness of the difference between good and evil, between justice and injustice, and makes force the sole basis of society. The church is not an enemy of democracy and rejects no form of government.

The English house of commons has rejected the channel tunnel bill by a vote of 307 to 195.

It is rumored that Signor Crispi, the Italian premier, will meet Prince Bismarck at Kissingen.

A French copper syndicate has bought for three years the output of two of the leading copper mines in Japan, amounting to seven-eighths of the total Japanese output.

Nine government officials at Seoul, Corea, have been beheaded in the streets by the populace. Foreigners have taken refuge at the consulates. The outbreak is attributed to Chinese instigation.

The owners of the establishment at Munich from which Billy Porter and Frank Buck, the American cracksmen, made a large haul of jewelry, have arrived in London, and identified nearly every article of plunder in Porter's and Buck's residences.

The London Society of Authors, of which Lord Tennyson is president, has resolved to invite Mr. James Russell Lowell and all other American authors in London to a banquet on July 25, in recognition of the efforts made in behalf of international copyright.

POINTED PARAGRAPHS.

Topics of the Times Given in a Terse and Spicy Manner.

Tate is indicted on four charges. Ripley's bawdy houses were raided.

New Hartford, N. Y., celebrated its centennial Wednesday.

Vermont Republicans nominated W. P. Dillingham for governor.

A Hopkinsville, Ky., back-action mule kicked Henry O'Neil, aged ten, with fatal effect.

The Pullman family, of sleeping car fame, will hold a reunion at the Thousand Islands in August.

Many Democrats in Chattanooga will support Harrison and Morton because of the protective issue.

Wildly enthusiastic pyrotechnical Harrison-Morton ratification meetings all over the Ohio valley Wednesday night.

George Jones, of the New York Times, is to be expelled from the Union League club because he is no longer a Republican.

Great preparations are making for the grand reunion at Gettysburg. The blue and the gray will meet there as friends.

The sugar trust is said to have issued a boycotting circular to prevent dealers from buying Claus Spreckles' eastern-made sugar.

Henry Miller, ninety-one, the last of the old slaves of Long Island was buried at Glen Cove, Wednesday. He was freed seventy years ago.

Women's relief corps has relieved one of the crying needs of Bunker post, G. A. R., Middletown, O., by presenting them with a large type Bible.

Mrs. Maria Lamborn, of Canton, O., sues Matthew Earley for \$10,000 for being too previous in causing her arrest and imprisonment on a false charge.

Frank Johnson and Charles Platt are awarded five years each in the pen for fleecing H. L. Runyan, of Springfield, O., out of his last sheep shearing proceeds.

The planing mill and box factory of Henry Ganss & Sons, covering a whole block, were totally destroyed by fire at St. Louis Wednesday night. Loss, \$100,000; insurance, \$60,000.

Chauncey M. Depew returned to New York Wednesday. He says the New York Republicans are a unit for Harrison. At Buffalo he introduced Warner Miller as "our next governor."

Louisville, Ky., Catholic Knights of St. John adjourned their tenth annual convention after electing Col. John Dunn, of Cleveland, president. They meet next year in Washington, D. C.

Republican clubs throughout the country are preparing to meet Blaine with a fleet of steamers on his arrival in New York harbor in July and give him the biggest reception ever tendered an American.

The pleasure yacht Enid, was struck by a steamer near Newburgh, N. Y., and Miss Annie Miller, and Mrs. Ben B. Odell, Jr., were drowned. Three others are in a critical condition. All are prominent in Newburgh society.

Enthusiastic citizens of Newark, O., are calling on N. C. Grandstaff, agent for Edmonson & Perrine, to come to the front and accept a position in the state service. He prefers private life and the \$162 of embezzled money, and decline to show up.

The Michigan Prohibitionists have put up this state ticket: Governor, Hon. A. B. Cheney; lieutenant governor, Stewart B. Williams; secretary of state, Peter M. Hagel; treasurer, Alfred Wise; attorney general, Lemuel Clute; auditor, Gen. D. A. Waterman.

A passenger on an outgoing Chicago train was told he was wanted on the platform. He stepped outside and was attacked by three men, who tried to rob him and throw him off the train. Passengers rescued him from the rascals, who jumped off and escaped.

J. S. Clarkson, of the Republican National sub-committee, says Chicago got 1,206 tickets out of 7,900 to the convention. He extols the Windy City's treatment of its guests, and thinks no other city could have done so well.

The Chinese are solid for Ben. Harrison.

Bourbon County Democrats have organized a club with three hundred members.

The Republicans of Bracken have nominated Lennius C. Gregg for Sheriff, with Ed. C. Houston for Deputy.

The Republican ticket has been denominated the "Chinese-Millionaire ticket"—"Pigtail" Harrison and Millionaire Morton.

There hasn't been seen a real enthusiastic Republican in this city since Harrison and Morton were nominated. And they don't seem to be numerous anywhere, judging from the reports that reach us.

DEMOCRATS should not delude themselves with the idea that they are going to have a walkover in the fight for the Presidency next fall. The Republicans will make a desperate struggle. Their very existence as a party depends on the result.

A Big Deposition.

In the action of Otho Adams against James Levy & Bro., now pending in the United States Court at Covington, and involving about \$12,000, Judge G. S. Wall, one of the attorneys for the plaintiff, has just completed the deposition of Mr. Adams. More than eleven hundred questions were asked said witness, and the deposition covers five hundred pages of legal cap. About two hundred exhibits were filed, and three notaries—Messrs. Sulser, Judd and Sallee—were engaged in writing the testimony. Wm. H. McCoy, Esq., attorney for defendants, left for his home in Covington today. He was here nearly long enough to acquire his residence, and, as he is a genial man and fine lawyer, he would have been warmly welcomed as a citizen. We are glad to add that Mr. Adams, the witness, is still living.

Personal.

Mrs. J. C. Pickett is visiting at Millersburg.

George Mefford, of Greenup, is visiting Mrs. Trayser, of Chester.

Miss Allie Daugherty is visiting the family of William Rice, near Lewisburg.

Miss Mattie Ward Evans left on the noon train today to visit relatives at Covington and Chicago.

Miss Ella Van Tolle and Miss Nettie Atherton are visiting Mrs. Throckmorton at Blue Lick Springs.

Miss Maria Warder, of Mayslick, is a guest of the family of H. Porter McIlvaine, of the East End.

Mr. and Mrs. Holleran, of Paris, arrived last evening to attend the funeral of Mrs. Maher, whose death is noticed elsewhere.

Mr. and Mrs. T. A. Ferris and child, of Waxahatchie, Texas, are here on a visit to Mr. and Mrs. M. W. Coulter and other relatives.

OUR NEIGHBORS.

MINERVA.

The Misses Ends, of Paris, are visiting Miss Kate Hledson, near here.

The late rains about finished the tobacco setting in this vicinity.

Professor Tucker, the wonderful illusionist of Cincinnati, was here with his big show last Monday night. He was greeted by a large crowd, and the wonderful and funny tricks which he performed produced roars of laughter from the crowd.

Phil Knoedler, of Augusta, was drumming in town Wednesday.

Mrs. T. G. Gilmore has returned from a pleasant visit to friends and relatives in Georgetown. She also attended the commencement exercises at West Union, O.

Charles Lloyd, the boss trader, bought nineteen fat hogs from John E. French & Son a few days ago, paying 5 cents per pound, and shipped them to the city.

MAYS LICK.

We had a heavy rain and wind storm Tuesday and rain all day Wednesday.

A. M. Peed, of Sharpburg, is visiting his sons and his many friends in this vicinity.

James H. Arthur, of Bourbon, is at the bedside of his father, Thomas B., who is dangerously ill.

Mrs. A. G. Wilson, of Lewis County, is the guest of J. A. Jackson. It has been six years since she was here. She is looking well.

A Practical Preacher.

[St. Paul Globe.]

Last Sunday church-goers in a small town in the Western part of Minnesota were not a little surprised when they had settled in their pews to see staring at them from the wall back of the preacher's desk the following card, written with charcoal on a piece of white cotton cloth:

Members of this church will refrain from wiping their foreheads with red bandanas during services until after the next Presidential election, as such an act would encourage Democrats to cheer for Grover Cleveland and prove a serious interruption to the divine services.

GEORGE SQUIRES, Pastor.

SEPARATION.

At midnight Sleep, the mocker, came to me—
My best friend turned to foe; and o'er my head
Dallied the poppled wand, but took a need
Lest it should touch mine eyelids. I could see
Him hovering o'er me tantalizingly—
Just out of reach. "Sweet stranger guest," I
said,
"Bend down and kiss mine eyes: For since you
fled
They've only known to weep out aching
The tedious hours. Come closer. Let me glide
Into thy drowsy arms and be thy bride."
"Nay, sweet one," and he laughed out scoffingly.
"Thy heart hath chosen another love than me."
And, through the glimmering casement as he
flies,
"Bid thy true love come kiss thy wakeful eyes."

Culinary Implements for Hotels.

A hotel steward who is giving advice for the purchase of culinary implements said the other day that he knew of no line of business in which greater abuses have grown up than this. The firms that manufacture kitchen goods have long made it a practice to give a tip to each cook every time he buys anything or orders any repairs made. The consequence is that the most intense opposition made to any progressive movement of the day is that which combats all the new inventions for saving labor or material. As an instance, there is a new process for doing every form of cooking without the direct application of fire, and the special beauty of it, beyond the fact that it cooks perfectly, is that the roasters, boilers and broilers practically never wear out. On this account the invention languishes, except when a bold proprietor takes the matter out of the cook's hands and makes his own equipment. But even if he does that he will find that cooks are apt to refuse to work with these modern tools, and, if they take the situations, will declare that the machinery will not keep in order.—New York Sun.

A Bazar Race of Workmen.

The inroads made on specialty stores by the revival of bazar establishments is followed, or seems likely to be, by a bazar race of laborers. One professor in New York advertises himself as ready to report in any one or more of the following capacities: "Sexton, joiner, builder, undertaker, painter and grainer, whitewasher and paper-hanger, plumber and glazier, whitesmith, locksmith, gasfitter and bellhanger, carver, glider and picture framemaker, watch and clock repairer, wheelwright, etc." It reads like a couple of lines from one of Walt Whitman's poems. The man is probably at bottom a poet, and makes all things in the world to rhyme in unison. Or, as one of our young Boston bards has it, he "rings the matin bells in the steeple of the universe." However, he informs the people that they will find him skilled in all departments named.—Globe-Democrat.

Ex-President McCosh's Working Methods.

Ex-President McCosh, of Princeton college, still keeps his residence in that town and is as studious and hardworking as ever. He said recently to a friend: "I always work ten hours a day, and that is the work of an average man. In vacations I am never wholly idle, but generally do from two to five hours of solid work in writing or thinking. When engaged in writing a book I walk five miles each day, thinking much, of course, while walking. When I was a student the famous Dr. Chalmers, of Scotland, delivered a lecture to us on 'Systematized Work—Rest and Exercise.' I never forgot his advice."—New York World.

Ink for Valuable Documents.

Court records, wills, deeds, historical papers, all valuable writing, should be made with an ink which not merely deposits a layer of carbon on the surface of the paper, but which also bites into its very substance. I think we have no ink to compare in these respects with the old atramentum of the Romans. Documents written with that fluid, I dare not say how many hundred years ago, are still black and distinct. There is no law, however, against using the best ink we can get, whenever permanence is desirable, and there ought to be a law requiring it.—"H. B." in The Writer.

Speaking Trumpets for Firemen.

If speaking trumpets are of any use I don't see why they are not used more by the firemen. It is a noticeable fact at every fire that delays, and often disastrous ones, are caused by the difficulty that the men experience in understanding each other amid the roar and confusion of the fire. They are frequently in such a position that motions cannot be distinctly seen or understood, and if the firemen, in particular, would carry trumpets at a fire as well as in a parade, I believe that their work might be conducted to better advantage.—Buffalo News.

A Finnish Boy.

KANSAS CITY, June 29.—Sunday night John Duncan, living just across the Texas line from Bonham, beat his wife, and Lum Crump, twelve years old, his stepson, rushed upon him with a scythe and cut him horribly, killing him. The boy's mother attempted to punish the little fellow, when he hit her twice with a scythe, one blow cutting her scalp open and the other almost severing her left arm.

Arsenic for Blighted Affections.

ANDERSON, Ind., June 29.—Mary Lane, aged sixteen, a quarter-blood Wyandot Indian, her ancestors having lived near Upper Sandusky, O., and very pretty, attempted suicide here Tuesday night by swallowing arsenic. Her condition was discovered in time for a doctor to pump her out and save her life. A love affair is given as the cause of the girl's attempt to take her life.

Billiard Contest in Prospect.

SARATOGA, N. Y., June 29.—George F. Slosson, the billiardist, has secured the billiard rooms of both the Grand Union and United States hotels for the season. He is arranging a tournament to take place the second week in August, in which Shaeffer, Daly, Sexton, Carter and other experts will participate. Citizens of Saratoga will add \$1,000 to the purse.

A Bad Man to Tackle.

DETROIT, June 29.—A special to the News from Traverse City, Mich., says: While going home from Kingsley Wednesday night, after selling a team of horses, Theodore Castor, a farmer, was attacked by three brothers named Droste. He shot one dead, fatally injured another, and thinks he got some lead into the third, who escaped.

A Bostonian Sits His Weasand.

NEW YORK, June 29.—F. T. Lantry, a guest at the Astor house, was found dead in his room this morning. He had cut his throat with a razor. He is said to have been a resident of Boston.

RECOMMENDED TO JAIL.

Lucy Rice Held Without Bail to Answer the Charge of Murdering Barbara Ballenger.

The examining trial of Lucy Rice, charged with the murder of her rival Barbara Ballenger, came off yesterday before Judge Coons. County Attorney Newell appeared for the prosecution, while the defendant was represented by A. A. Wadsworth.

The defendant was held to answer the charge at the next term of the Circuit Court and was recommitted to jail, without bail.

A telegram was received yesterday afternoon from Ripley that a negro named Roff was there, and that he was an eyewitness to the shooting. Marshal Hefflin at once went to Ripley for the fellow, but he had gone to Decatur. The officer proceeded to Decatur, where he found his man. It turned out, however, that Roff was not an eyewitness of the tragedy, but was standing in front of the Grand View Hotel when the shooting was done. He had told a different story at Ripley, though, and it is hardly necessary to say that Captain Hefflin was mad.

The remains of the Ballenger woman have been taken to Ripley for burial.

Fourth of July.

The Kentucky Central will sell round trip tickets from all points, at one fare, on July 2, 3 and 4, good returning on the 7, giving every one an opportunity to attend the opening of the Cincinnati Exposition. A grand parade will take place in Cincinnati on the afternoon of the 4th, and at night all the hills will be ablaze with fireworks.

FRANK EASUM left on the Bonanza last Wednesday for Springfield, O., where he expects to make his home.

DIED—Thursday, June 28th, 1888, at Aberdeen, Mrs. Jennie Dodd, wife of Darius Dodd, of consumption. She was thirty-five years of age, and formerly lived in Cincinnati. Funeral this afternoon at 2 o'clock from the residence of Mrs. Amelia Lawwill in Aberdeen. Friends of the family invited. [Cincinnati Enquirer please copy].

The Augusta Republican says: "In a conversation with Colonel Childs last Thursday he said the railroad would be completed to this place by July 4; that it is possible that boats would be put in the trade to take the business to Cincinnati from here, but the management had not fully decided; that the passenger trains would make thirty or forty miles an hour."

VISITATION ACADEMY.

Closing Exercises for the Year Just Ended—Programme in Full.

The closing exercises of the Visitation Academy were held last Wednesday. Notwithstanding the inclemency of the weather there assembled in the spacious music hall of the institution the greater number of those who had been favored with invitations. The continued gloom without cast no shadow over the hearts of the youthful band of white robed performers. The modest deportment of the young ladies was as refreshing, as it was attractive.

The exercises opened with "Prince Albert's Royal March," to the music of which, the pupils came forward to salute the audience, before taking the place assigned them. For the gratification of the numerous friends of the praise-worthy institution we subjoin the entire programme, which was read by County Attorney Newell. Where all showed such commendable zeal for the success of the entertainment, it would be a delicate matter to make any marked distinction in the bestowal of praise.

The well sustained choruses testified not only to the excellent training of the good sister in charge, but was proof of the earnestness of the pupils.

The beautiful vocal solos, by Misses Agnes Grant and Agnes Breen of this city, and Miss Ida Runser, of Massillon, O., and Miss Belle Platt, of Lawrenceburg, Ind., evinced more than ordinary talent and culture, and give promise of notable success in the future.

A new and delightful feature in the programme was the beautiful recitations by Miss Allie Alexander, of this city, Miss Frankie Hord, of Helena, and the talented Miss Helen Young, of Covington, who performed her difficult part in an admirable manner. Mendelssohn's magnificent composition played by Miss Agnes Dodson, of this city, and the brilliant Rondo, by Lizst, were wonderfully well executed. The manner in which the sweet-faced and very interesting little members of the primary French class told the audience of their love for French was quite charming. Want of space forbids our giving a detailed account of each performance. Suffice it to say, that the entire entertainment was of a nature to win the applause of the audience.

The awarding of the gold medals for christian doctrine and classical literature and history was decided by strict examinations, in which Miss Maggie Donnelly and Miss Frankie Hord showed a marked superiority, and were judged worthy of the contested honors. Miss Donnelly receiving the medal for christian doctrine and Miss Hord that for classical literature and history.

Misses Ella Newell and Hannah McAuliffe having been judged equal in composition drew for the medal—Miss H. McAuliffe bearing off the prize.

At the close of the exercises, Rev. J. B. Glorick, the universally esteemed pastor of St. Patrick's Church, addressed the pupils in a few, well-chosen words of commendation and advice, after which the march was repeated while the pupils withdrew, in the same order in which they had entered the hall. Conspicuous among the guests were Rev. J. Hickey, of Mason County, Rev. Greifenkamp, of Augusta, and Rev. Brinkmeyer, President of St. Mary's Seminary, Cincinnati, Ohio.

The exercises of this excellent institution will be resumed on the first Monday in September.

BURGLARY AT MT. GILEAD.

Higgins & Co.'s Store Broken Open and Robbed of Some Cash and Goods.

Higgins & Co.'s store at Mt. Gilead was burglarized last night, the thief securing about \$25 in cash and a lot of goods.

The party who committed the deed was well prepared, with hatchet, auger and chisel, and effected an entrance by cutting a hole through the west wall, (brick).

About \$25 in cash had been left in a desk and this was all the money that was taken. In addition to this there was carried away a Smith & Wesson, central fire, 38-caliber pistol, and about \$25 worth of jewelry.

The cash-drawer contained about \$75, and the safe about \$200, which was not disturbed. The party was evidently frightened away before the job was finished. A lot of powder was found in the room, and partial preparations for blowing the safe had been made.

The robbery was not discovered until after daylight this morning, and there is but little if any clue to the guilty party.

The police of this city were notified and are on the lookout.

A TRIO OF MURDERERS

MEET WITH JUSTICE AT THE HANDS OF KANSAS MOBS.

Two Negroes Hanged From the Windows of a Newspaper Office in Chetopa—A Simple Telegraph Pole Used With Satisfaction at the Town of Syracuse.

PARSONS, Kan., June 29.—John Riebee and Willie Lee, two colored men who were arrested at Chetopa Tuesday evening for shooting City Marshal William Bentley and Deputy Ed. Martin, were lynched Wednesday morning at 2 o'clock by a mob of several hundred citizens of Chetopa. The sheriff intended to take the men under guard to the county jail at Oswego, but the streets were filled with excited men who told the sheriff that the prisoners should not be removed until a preliminary hearing was had.

The sheriff thereupon decided to keep the prisoners in the city hall at Chetopa until the county attorney could be heard from. Meanwhile the mob grew in numbers. Shortly after midnight a report was circulated that Deputy Marshal Martin had died of his wounds, and that Marshal Bentley was dying.

This enraged the mob and about 1 o'clock 200 hundred men made an attack on the city hall. The sheriff and his guard fought desperately but they were soon overpowered and the mob took possession. The prisoners were handcuffed together and crouched under a table. They were dragged out and ropes placed around their necks. They begged piteously for mercy, but without avail. A few moments were allowed them for prayer and they fell on their knees and prayed most earnestly.

When they had finished the mob dragged them to the office of the Chetopa Statesman, adjoining the city hall. Here one of the windows in an upper floor was knocked out and the men were compelled to stand on the sill. The ropes were tied to pieces of timber and when all was ready they were compelled to jump out into the street. They fell back against the side of the building with their feet within three feet of the ground. Riebee's neck was broken and he died almost instantly. Lee slowly strangled to death.

To a Telegraph Pole.

SYRACUSE, Kan., June 29.—J. W. Mitchell, the murderer of Oscar Johnson, was hanged to a telegraph pole, Wednesday morning, by an infuriated mob. At the preliminary examination, he confessed his crime, without any show of emotion, in the presence of the dead boy's mother, and his manner aroused a strong feeling of revenge among the spectators.

The sheriff called upon all good citizens to aid him to prevent violence, but no one responded to the call. The mob secured the keys of the jail at midnight, gave the prisoner time for a prayer, in which the lynchers all solemnly joined, put a rope around his neck, and swung him twenty feet in the air over the arm of a telegraph pole.

May Have Been Innocent.

ALBANY, Ill., June 29.—The people here are very indignant over the lynching of William Moore, at Charleston, Ill. The facts are that the girl, Mary A. Bumgardner, upon whom it is alleged, the assault was made, lives some two miles from this place, and is not so very young, being about nineteen or twenty years old and the people here who know her doubt the truth of her story. It is the general opinion that the people of Mattoon and vicinity were deceived and, in acting hastily, have put to death an innocent man.

ATTEMPTED ARSON.

A Woman's Mania to See Flames Brings Her Into Trouble.

CHARLESTON, S. C., June 29.—Anderson, in the upper part of this state, has been much exercised over repeated efforts to burn the town for several months past. Detectives were employed to investigate, and yesterday they caused the arrest of Mrs. M. E. Keese, who has been one of the most respected ladies of the place, accusing her of the crime. Mrs. Keese is connected with several of the most prominent families of the state. Her arrest has produced a sensation. The detectives say she is the author of all the attempts to burn the town. They claim that it is due to a mania to see flames and not to any criminal intent.

The sensation was heightened by the arrest of Gustav Frank, of the Pinkerton detective force, charged with an attempt to suborn witnesses in the case. Frank is the detective who worked up the recent insurance fraud cases in Charleston. A most sensational case is now entered for trial, as the friends and relatives of Mrs. Keese will spare no money to secure her acquittal. They already have Pinkerton men at work on the case.

SUGAR BOYCOTT.

Threat of the Trust to Prevent Dealers Patronizing Claus Spreckels.

NEW YORK, June 29.—Among sugar brokers along Lower Wall street, the fact that the mammoth sugar trust sent out a circular to the effect that after July 1, no commissions will be paid to brokers who deal in any but trust sugar is not denied, but to a man they refused to discuss the subject. The circular, it is learned, forbids any intercourse with out-of-town sugar people who handle the commodity manufactured in any but trust refineries.

It is thought possible that the boycott was instituted in view of the approaching completion of Claus Spreckels' plans for an eastern refinery. As is well known the sugar king of the Pacific slope is strongly opposed to the trust, and will soon enter the field as a powerful rival of the syndicate. It is not thought unreasonable, therefore, that the circular was issued as the first gun in the fight between these powerful monopolies.

An Inhuman Parent.

KANSAS CITY, June 29.—Lawrence Russell, a laborer, at Springfield, was arrested Wednesday, charged with flogging cruelly to his ten-year-old son. Among other things he fastened the little fellow upright in a narrow box for five hours, and on Sunday he tied the child to a plank so he could not move, and then smeared molasses and sugar on his face and allowed the flies to torture him for several hours, when indignant neighbors interfered.

A Ten-Round Fight.

NEW YORK, June 29.—Dominick Fitzpatrick, of Elizabeth, and Thomas Lane, of Boston, fought ten desperate rounds at Meyer's Grove, Staten Island, to-day. The fight was for a purse of \$100 and gate receipts. About one hundred sports were present, who paid \$3.50 apiece to see the fight.

THE GLORIOUS FOURTH.

Program of the Cincinnati Centennial Dedication Exercises.

CINCINNATI, June 29.—The following is the program of the dedication exercises:

Midnight, July 3.—The firing of one hundred guns from the river landing, from the Highland house and Lookout house by the Cincinnati battery, the Marietta battery and the Springfield battery, ten guns in all—one hundred salvo.

At the midnight signal the church and fire bells throughout the city will be rung.

At 9 o'clock a. m., July 4, the exposition will be opened.

At 11 a. m., beginning of the dedication exercises in Music Hall, music by the May festival chorus.

At 12 (noon) machinery will be set in motion, probably by Mrs. Cleveland, at which moment the bells of the city will be rung and a salute of one hundred guns will be fired.

2:30 p. m., July 4, grand centennial pageant procession will move.

At sunset, July 4, salute of one hundred guns from all the batteries.

7:30 p. m., July 4, first grand illumination of centennial buildings and the streets in the vicinity.

Collector Caldwell received a telegram this morning from the war department at Washington saying that one of the largest consignments of flags ever sent out had been shipped here for the decoration of the government building, July 4, centennial opening day. The boys are all happy now, and say they will have the whole building a dazzling red with flaunting flags and banners.

Sporting Notes.

The races at Chicago Wednesday were postponed on account of rain.

Steve Brodie, a newsboy, has undertaken to swim from Albany to New York City.

Committee on base ball rules has decided to take bases on balls, from the error column. The bases on balls will remain a factor in earned runs.

The trotting stock of the late N. W. Kittson was sold at St. Paul Wednesday. The brood mare So So was sold to F. D. Stout, of Dubuque, Iowa, for \$8,500, the largest price ever paid for a brood mare.

Charles Spencer, partner of Pat. Killen, offers to back him against any one in the world for \$10,000. Killen is said to have displayed wonderful generalship when he knocked out Cardiff, Wednesday.

A heavy track at Sheephead Bay Wednesday was the only thing that prevented the record for one mile being broken. Eolian ran the mile in 1:40 1-4, and beat Terra Cotta. Old Richmond also ran a very fast race, winning the mile and three furlongs in 2:21 1-2. Other winners were Little Barefoot, Telle Doe, Brown Duke and Cambyes.

French-Canadians.

NASHUA, N. H., June 29.—The convention of French-Canadians opened its second day session here. The exercises were elaborate. After some discussion the convention voted to establish libraries under the supervision of the clergy in every town where it is possible. The convention then proceeded to the discussion of the formation of a permanent committee, whose duties are to see that the resolutions adopted by the convention will be put into practice. After remarks by prominent members, a resolution to that effect was adopted, following which the convention adjourned until the afternoon.

West Virginia State Bar Meeting.

WHEELING, W. Va., June 29.—The West Virginia State Bar association met here yesterday. A large crowd was in attendance. The proceedings were all formal. The president, Judge J. J. Jacob, of this city, will make the annual address tomorrow morning. Much disappointment was expressed that Senator Daniel, of Virginia, did not keep his engagement to address the association.

Civil Engineers' Convention.

MILWAUKEE, Wis., June 29.—A special train arrived here last night from New York with seventy-five members of the American Association of Civil Engineers, whose annual convention begins here to-morrow.

FINANCE AND COMMERCE.

Quotations for the Money, Stock, Produce and Cattle Markets for June 29.

NEW YORK.—Money 1 1/4 per cent. Exchange steady. Governments steady.

Currency sixes, 119 bid; four coupons, 128 1/2 bid; four-and-a-half, 107 1/4 bid.

The stock market opened dull and without feature. After the first thirty minutes there was some buying of the Gould stocks and the list became firmer. Prices advanced 1/4 to 1 1/2 per cent. in the hour to 11:30, but since that time the market has been dull and featureless.
